

RUNNER FR 14 (CIK/FIA 132/FR/14)

IMPIANTO FRENANTE KZ RUNNER FR 14

- Pompa freno doppia con serbatoio recupero olio in alluminio, completa
- Asta comando pompa freno doppia
- Regolatore di frenata
- Cavo di sicurezza
- Kit tubo freno rivestito kz di tipo aeronautico
- Pinza freno posteriore idraulica forgiata, in lega speciale ad alta resistenza, 4 pistoncini, con recupero automatico del gioco
- Supporto pinza freno posteriore smontabile
- Disco freno posteriore autoventilato 190x16mm flottante
- Mozzo disco freno magnesio con flangia smontabile anti-usura
- Kit boccole per disco freno posteriore
- Pinze freno anteriori idrauliche, forgiate, in lega speciale ad alta resistenza, 2 pistoncini, con recupero automatico consumo pastiglie
- Fuselli KZ forati, perno 25mm con vite fusello di precisione, completi
- Portadisco anteriori in magnesio
- Dischi freno anteriori 160x11mm, autoventilati in ghisa
- Mozzi ruota anteriori in magnesio con regolazione rapida completi di cuscinetti speciali ad alta scorrevolezza

OPTIONAL:

Disco freno sinterizzato (ultra leggero, carbo-ceramico)

RUNNER COMPLETE KZ BRAKING SYSTEM FR14

- Complete double-circuit brake master cylinder with aluminium oil recovery tank
- Brake pump rod for double master cylinder
- Braking distribution
- Safety cable
- Braided steel brake lines, aeronautical type
- Anodized, special alloy forged, high-resistance rear caliper, 4 pistons, self-adjusting
- Removable support for rear brake caliper
- Self-ventilated heat treated cast-iron rear disk, floating type, 190mm Ø, thickness 16mm
- Magnesium disk carrier with removable flange, wearproof
- Bushing kit for rear brake disk
- Anodized, special alloy forged high-resistance hydraulic front calipers, 2 pistons, self-adjusting
- Stub axles KZ 25mm, hollow, with precision ground king-pin bolt, complete
- Magnesium front brake disk hubs
- Self-ventilated front brake disks, 160x11mm in cast-iron
- Magnesium front wheel hubs with quick adjustment, complete with special high-smoothness bearings

OPTIONAL AT EXTRA CHARGE:

Sintered brake disk (ultra-light weight, ceramic type)
